

## Evaluation Guide: Gestures

Title: \_\_\_\_\_

Evaluator: \_\_\_\_\_ Date: \_\_\_\_\_

**Note to the evaluator:** The purpose of this speech was for the speaker to concentrate on organizing the speech and on the use of gestures. The talk should be based on an outline, with an opening, body, and conclusion. The speaker should use gestures, facial expressions, and other body movements to emphasize points in the speech and avoid movements that contradict the content of the speech. The gestures should be smooth and natural. Make your verbal evaluation a supplement to the detailed written comments you complete below. Encourage the speaker toward greater improvement:

What strong points does the speaker already have?

What was the goal of the speech as you understood it? How well did the conclusion support the goal?

How could the speech organization be made more effective?

How effective were the speaker's gestures?

Did any movement or expression distract you from what the speaker was saying?

What did you like best about the presentation?
